The inadvertent or accidental omission to give notice of a meeting to, or the non-receipt of such notice by, any entitled person shall not invalidate any proceedings at any meeting.

15. SECRETARY AND FINANCIAL ARRANGEMENTS

The Committee may from time to time appoint a Secretary and staff to conduct the affairs of the Society, and may make arrangements with another organisation and delegate to such organization such authority, within the limits of the Committee's own powers, as is necessary for this purpose; and may change any such appointments or arrangements.

Revision 9

November 2018

THE SOCIETY FOR EARTHQUAKE AND CIVIL ENGINEERING DYNAMICS

The Society for Earthquake and Civil Engineering Dynamics (SECED) is the British Section of the International Association as well as the European Association of Earthquake Engineering. It was established in 1969 to provide a focal point for technical activities in the fields of earthquake, blast and impact engineering. SECED's activities have not only fulfilled its role as a learned society but have also promoted the case for dynamics within the civil engineering profession, thanks largely to the voluntary dedication of its officials, and the enthusiasm of its membership.

SECED is an Associated Society of the Institution of Civil Engineers. It is also sponsored by the Institution of Mechanical Engineers, the Institution of Structural Engineers, and the Geophysical Society. The Society is also closely associated with the UK Earthquake Engineering Field Investigation Team (EEFIT). The objective of the Society is to promote co-operation in the advancement of knowledge in the fields of earthquake engineering and civil engineering dynamics including blast, impact and other vibration problems.
